Profile

Aspiring Data Analyst with foundational experience from an internship at Besant Technology and a certification in Data Analysis. Developed automated dashboards and interactive reports, enhancing data accessibility and visualization for stakeholders. Seeking a Data Analyst position to drive insights and strategic decisions through proficiency in MySQL, MSExcel, Power BI, Python, and Tableau.

Professional Experience

Data Analyst Intern   06/2024 – 02/2025
Besant Technology
- Analyzed large datasets using statistical tools to uncover actionable insights, supporting data-driven decision making for multiple client projects at Besant Technology.
- Developed and maintained automated reporting dashboards that consolidated key performance data, streamlining workflow efficiency for cross-functional teams at Besant Technology.

Skills

- Tools & Technologies: MySQL, Python (Pandas, Matplotlib, Seaborn) MS Excel (Pivot Tables, VLOOKUP, Power Query) Power BI, Tableau, Jupyter Notebook

- Business Analysis: KPI Reporting, Requirement Gathering, Data Storytelling, Root Cause Analysis

- Data Analysis & Visualization: Power BI, Tableau, MS Excel, Jupyter Notebook

- Soft Skills: Problem Solving, Communication, Critical Thinking, Team Collaboration

Projects

PWC HR Diversity Analysis – Power BI
Developed an interactive Power BI dashboard showcasing gender ratios, age distributions, and department-wise diversity trends.
Built a DAX-powered interactive dashboard tracking gender diversity, improving HR reporting efficiency by 40%.
Enabled strategic decisions for workplace diversity improvement.

COVID-19 India Data Analysis – Tableau
Analyzed vast datasets related to COVID-19 in India, identified critical trends impacting regional outbreak responses, and visualized key findings to inform public health strategies.
Compiled and interpreted regional health and demographic data to uncover actionable insights, empowering stakeholders to optimize pandemic intervention measures and resource allocation.

IPL-data 2008-2024-Analysis - MySQL, Power BI
Performed in-depth analysis of IPL cricket data using MySQL and Power BI, focusing on match outcomes, toss influence, player performance metrics (runs, wickets), and venue-based trends.
Developed interactive dashboards in Power BI to visualize team strategies, key player contributions, and season-wise match trends, enabling actionable insights from ball-by-ball datasets.

Education

Bachelor of Commerce   2018 – 2021
Sree Saraswati Thyagaraja College, Pollachi   Pollachi
  Specialization: Commerce, **CGPA**: 6.17 / 10

MBA- Finanace & Logistic Supplychain Management   2021 – 2023
Sree Saraswathi Thyagaraja College, pollachi   Pollachi
  Specilization: Finance, **CGPA:** 6.78 / 10

Certificates

Power BI Development	**MySQL Intermediate**	**Introduction to Microsoft Excel**
PwC Switzerland (Forage, 2024)	HackerRank	Coursera
SQL FOR DATA SCIENCE	**MARKETING MANAGEMENT II**	**Data Analyst Training**
Great Learning	NEPTL	Besant Technology
